

paytm

About Me!

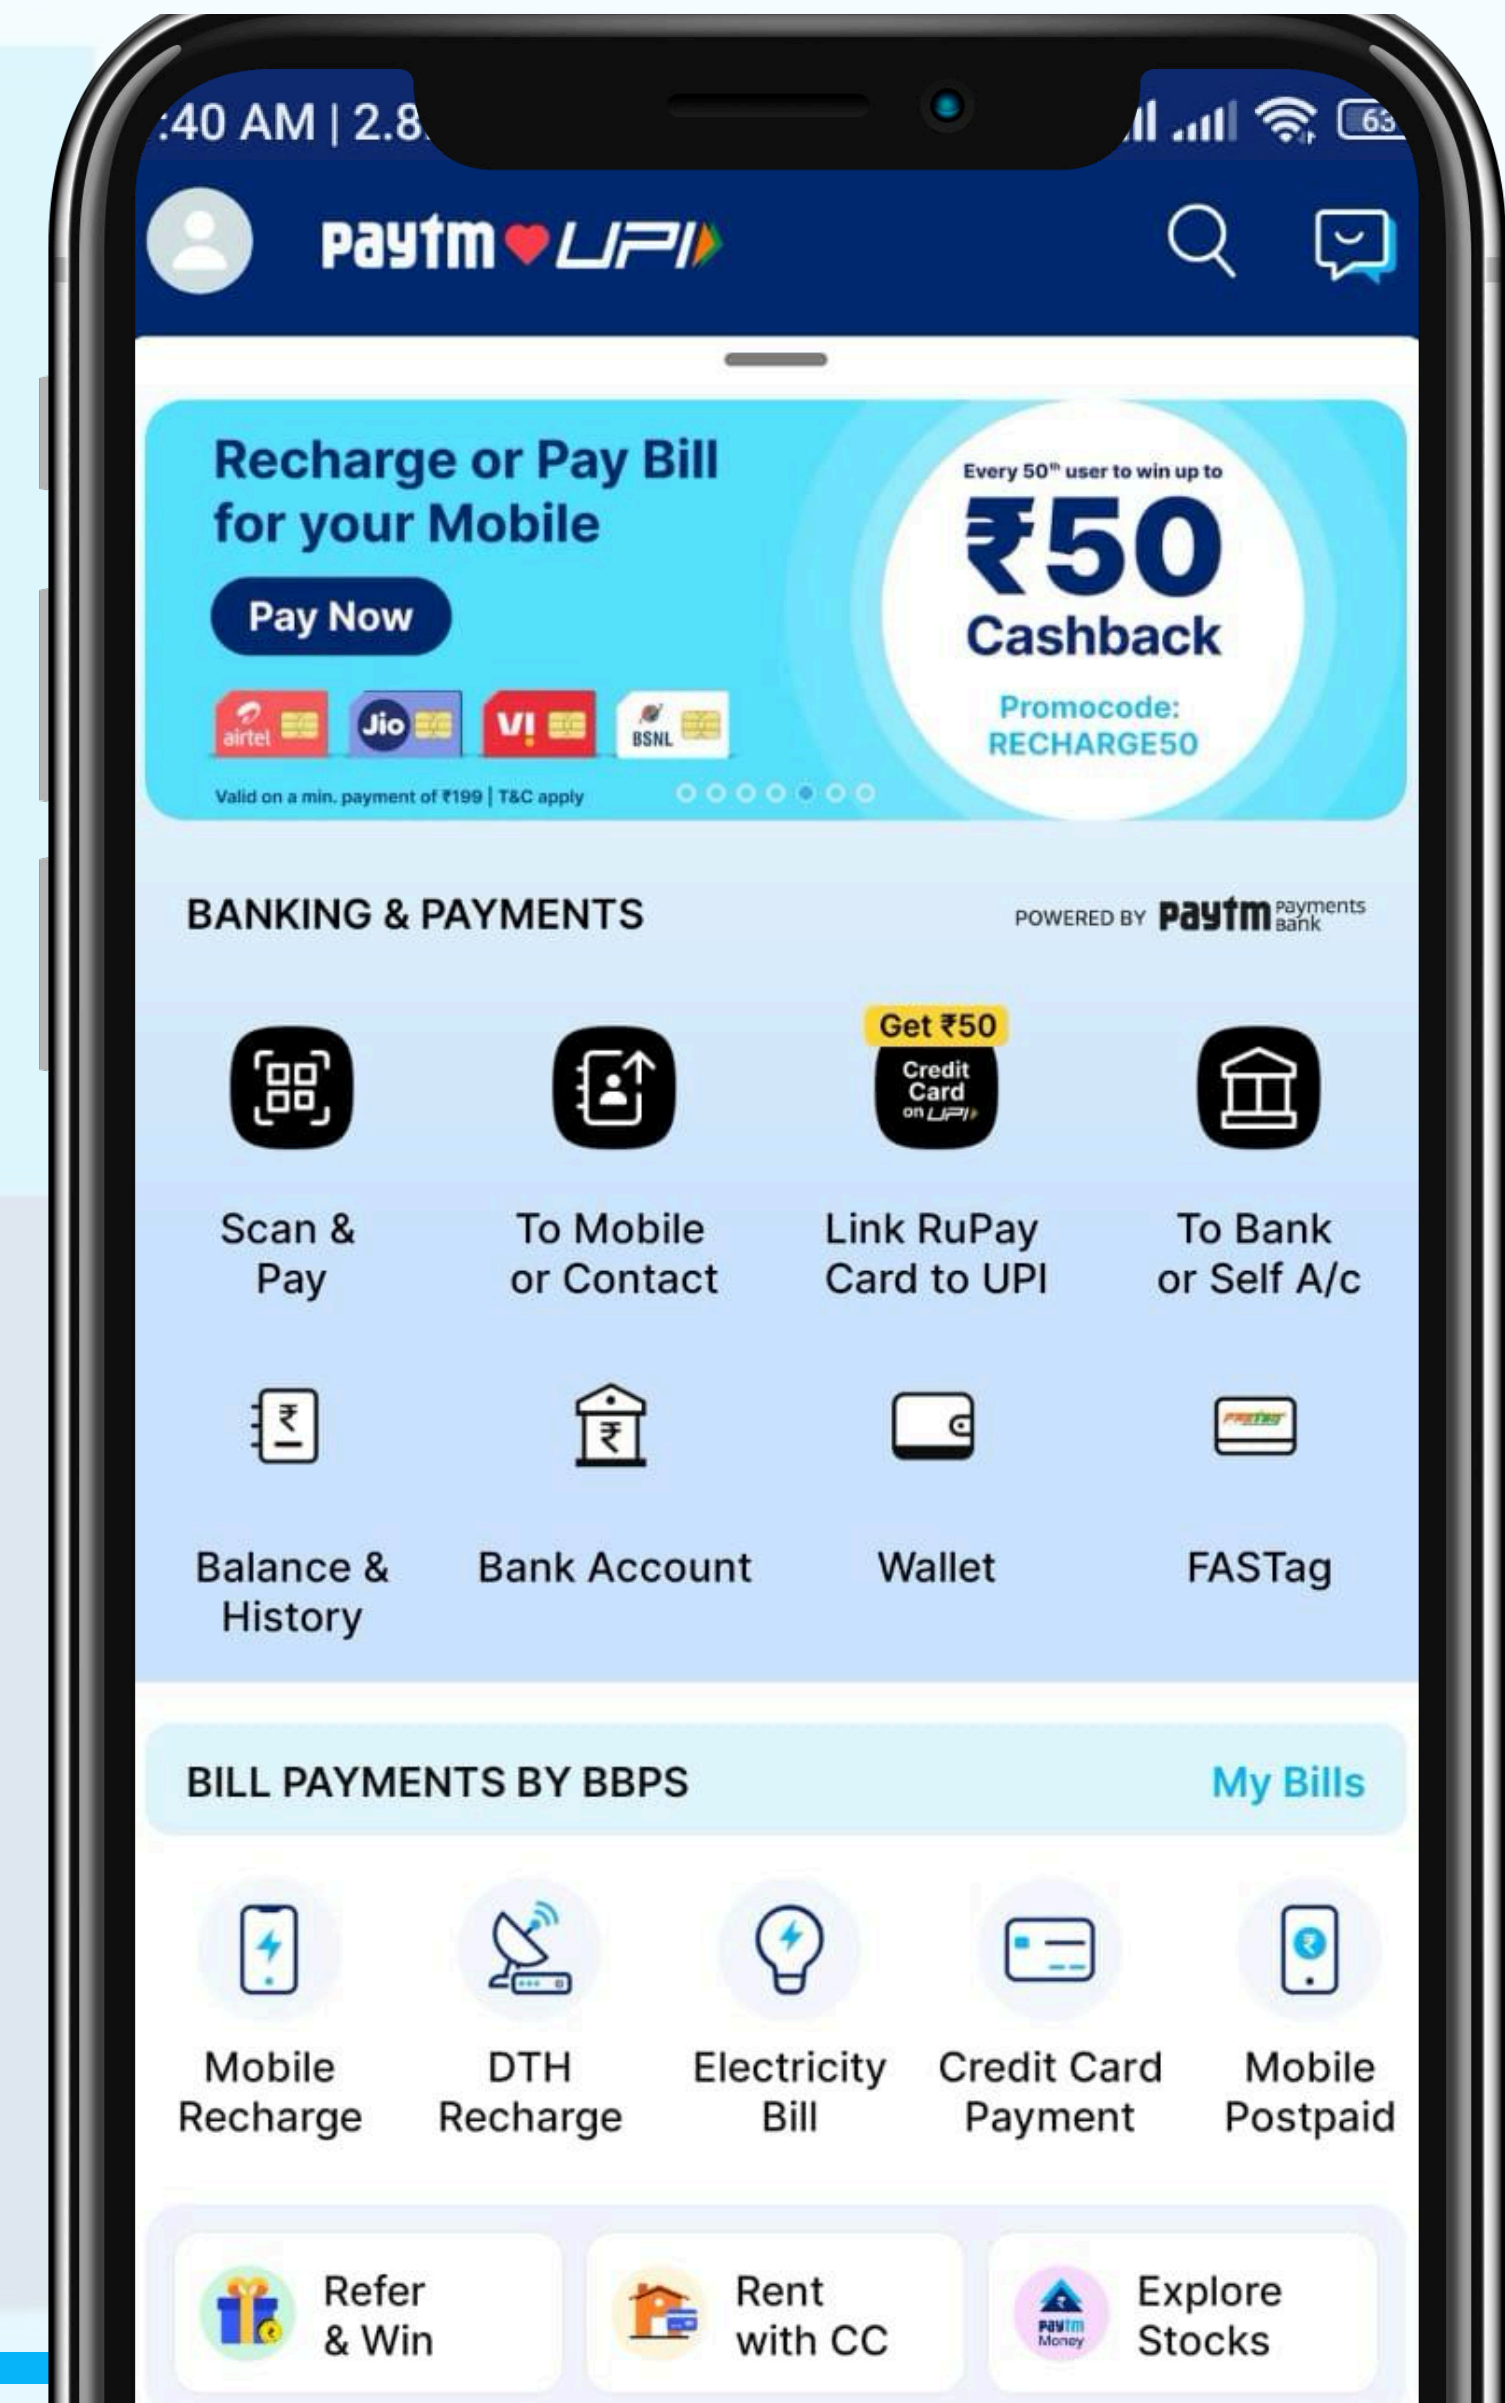

My name is Srishti Jaiswal. I am a UI UX Design Enthusiast

I am thrilled to share my work on problem statement -

Improving Paytm's User Experience

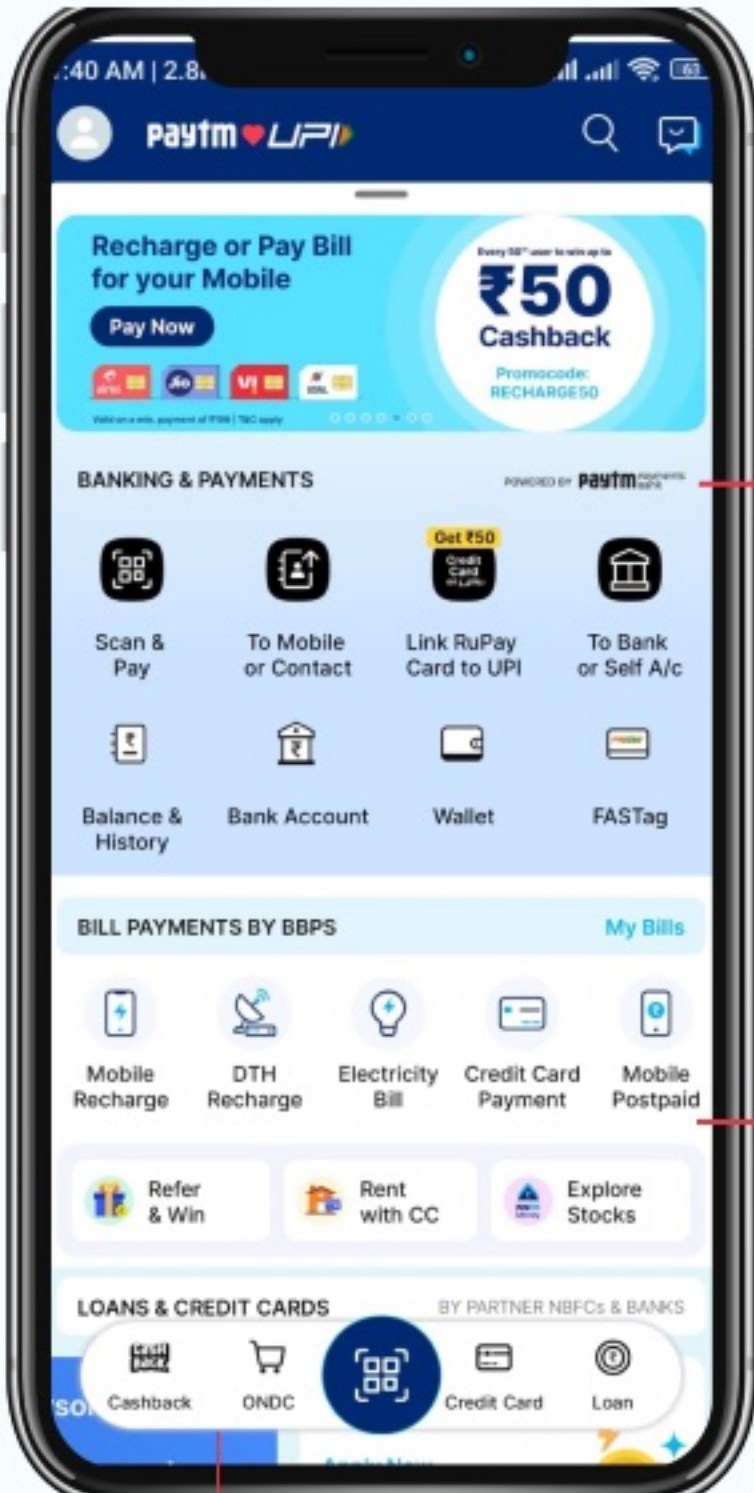

paytm

UX IMPROVEMENT

Current Version

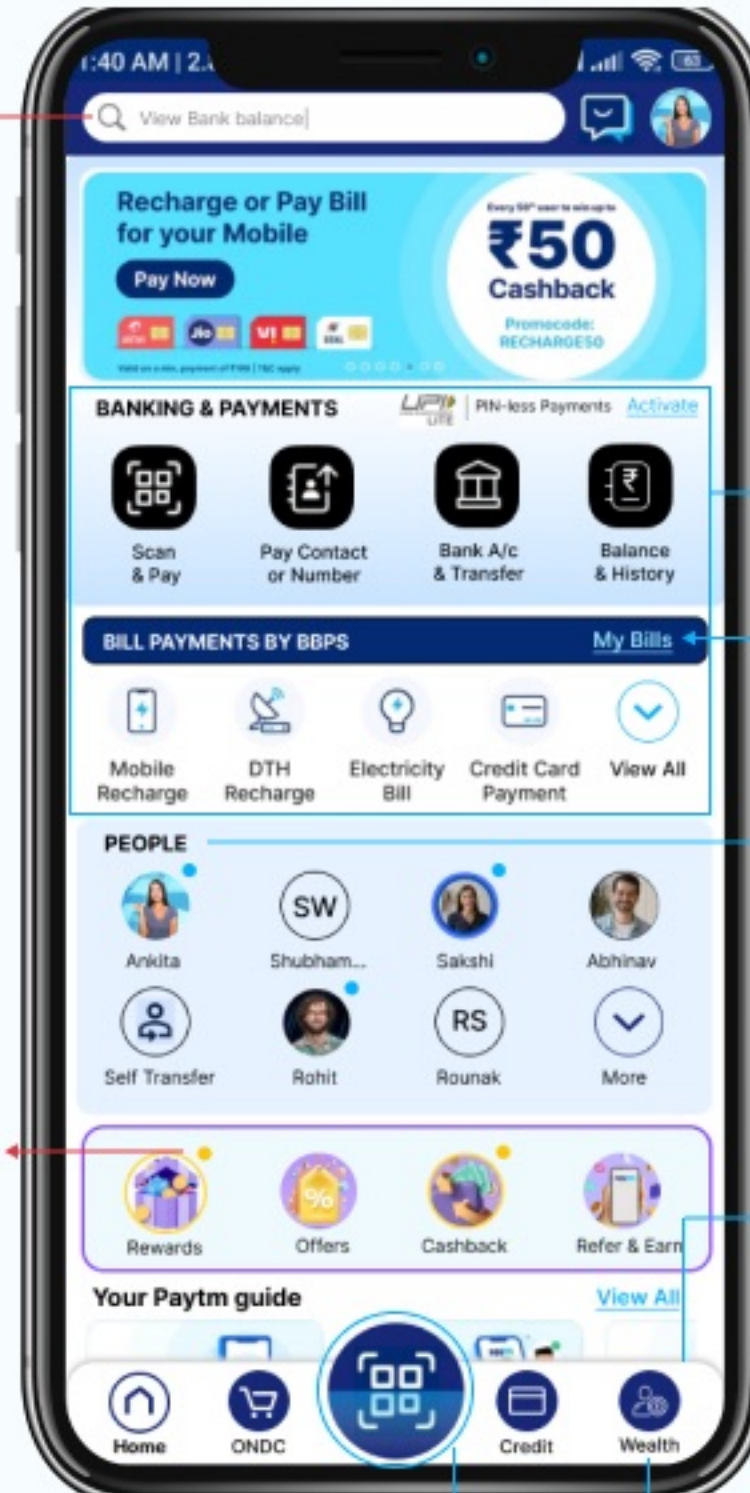

Search feature
(Easy navigation, Live text for user attention & personalized suggestion)

Clumsy homepage
Many features on single screen

Deals & Rewards section
Purple & Yellow colour, attractive icons, new notification indicator for user call-to-action

Old bottom Navigation
Not much use of Cashback & Loan section in the **most important "Navigation"** section

Old User

Simplified Payment section

Only 4 main features
Combined Bank account & Transfer, Combined Balance, History & Wallet

Only 4 features in a section

New People feature

Easy payment to frequent receivers
New notification indicator for user call-to-action

New bottom Navigation

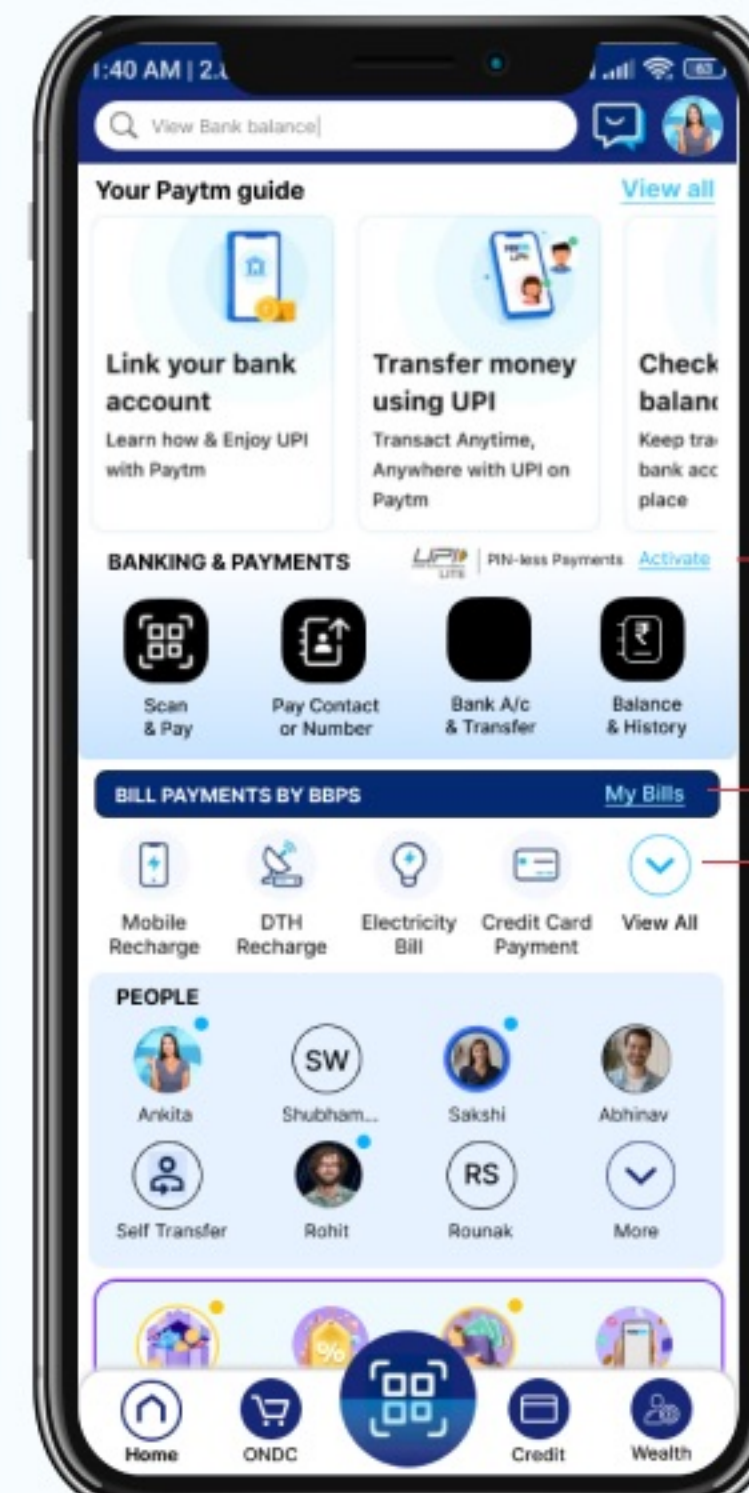

Decrease vertical scrolling, & introduce section navigation to decrease confusion among users

QR Scan g.i.f
Grab User attention

Wealth

Combined Loan, Stocks and other features

For New User

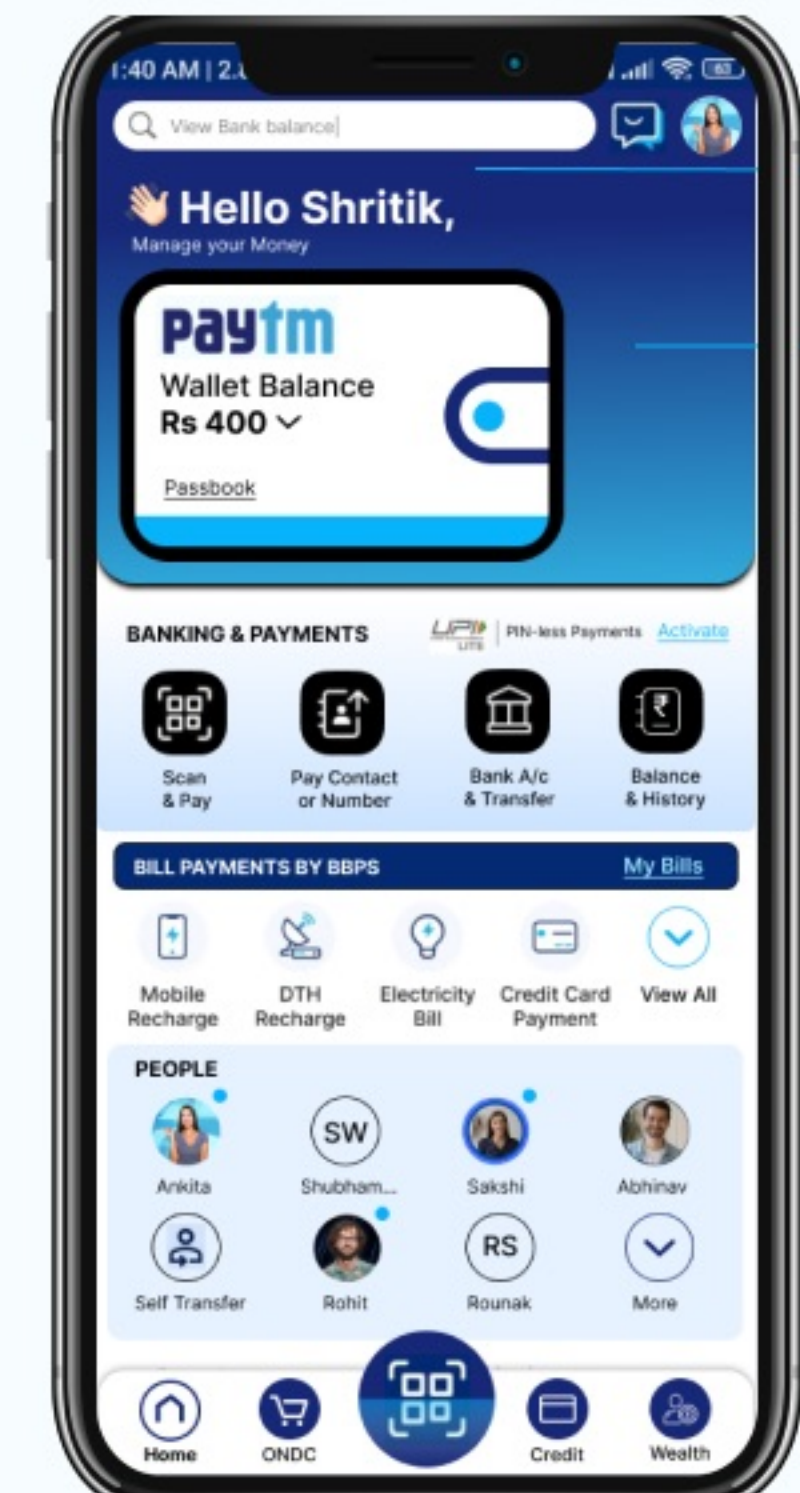

Paytm guide
On top for new users, as advertising new user have bad impressions

UPI LITE
Call-to-Action for UPI LITE setup

Underline (Looks clickable)

View all
If user wish to search more bill payment options
Reduces clumsyness of HomePage

Swipe Up

Swipe up section

Easy Passbook & Wallet access

Advertise auto side scroll after certain time

(Essential part of Revenue Model)

FEATURE PRIORITIZATION

Features	Live Search	People	Deals & Reward	Bottom Nav & scan g.i.f	Swipe Up	UI/UX section changes
Reach	10	8	9	10	7	10
Impact	9	6	7	9	5	9
Confidence	8	7	6	9	6	9
Effort	9	7	5	7	4	8
Score	80	48	75.6	115.7	52.5	101.25
Rank	#3	#6	#4	#1	#5	#2
